

10/659405

October 15, 2004

Dear Ms. Carter;

I just returned home from the post office. I mailed back to you the corrections to my **patent application # 10/659,405**. You would not believe how sick I felt when I discovered I had left behind a page.

Enclosed is a copy of the complete set along with the single page I had originally left out. I hope this doesn't cause a problem. If there is, please, give me a call - Hm 239-574-4219, Cell 239-671-4373 or email me - sundown813@aol.com

Since I mailed the first set priority and this one over night express, you may not have received the first set yet. Sorry for any inconvenience.

Sincerely,

Catherine Solich
